RE: "REVENGE OF THE DEAD"

Gentlemen:

We have been retained by General Music Corporation to enforce collection of the balance of \$2,150.00 due for its music used in the production "Revenge of The Dead".

Until payment has been made of the complete balance due, your firm will not receive a license for the synchronization or other use of the music in the production which may well interfere with distribution of the motion picture.

If payment is not made forthwith our instructions are to institute suit.

Very truly yours,
